Mini MGT 3.0 RTR

The Mini MGT 3.0 is a chip off the old block

Inspired by the overwhelming popularity and success of Team Associated's original MGT, the Mini MGT 3.0 packs all the same dirt-kicking performance into a compact 1:10 scale package. The Mini MGT 3.0 brings with it all of the features: a 2-speed automatic transmission with reverse, eight coil-over oil-filled shocks, full precision ball bearings, and specially designed Team Associated all-terrain tires, just to name a few! The Mini MGT comes factory assembled with a painted body, ready for you to fire up and rip up the road!

- All steel differential internal components for ultimate durability
- Dual drilled brake rotors fitted with a unique alignment device that keeps the brakes friction free until engaged
- Specially designed tire to combine excellent performance in all conditions
- Heavy duty metal-gear hi-torque servo
- 2-speed automatic transmission with reverse has an optimized gear ratio for awesome acceleration
- Ultra rigid extruded aluminum chassis optimized for the rigors of off-road use
- 14.0mm steel drive hexes
- Elliptical "buffer" style bumpers that easily withstand heavy impacts
- Trophy truck inspired styling
- Team Associated 18 Pro two-stroke nitro engine with pull-start
- Eight oil-filled independent coil-over shock absorbers
- Sealed radio box
- 28 precision ball bearings
- 110cc fuel tank for long run time
- Team Associated XP3 radio system, glow igniter and fuel bottle included!
