

For Immediate Release: March 8, 2012

TC4

Club Racer

Optional aftermarket bodies, tires, and wheels shown.

TC4 Club Racer

The TC4 Club Racer is an excellent platform for Spec Class racing, drifting and for racers who want to try on-road racing without breaking the bank.

The TC4 Club Racer's pre-built chassis includes all of the features you would expect from Team Associated, and is ready to accept most 1:10 scale touring, VTA, and drift car bodies, and 1:10 wheels, tires and electronics.

Build your dream car with the many Factory Team accessories and upgrade parts now available.

TC4 Club Racer Features:

- Pre-built "race roller" chassis ready to accept most 1:10 scale onroad car electronics, bodies, wheels and tires
- Efficient shaft drive system with blue anodized drive shaft
- Rear ball differential with lightweight composite outdrives
- Front spool to ensure maximum power delivery to all four wheels in low traction conditions
- Lightweight composite CVD drive bones
- Composite VCS fluid filled shocks with adjustable ride height
- 22 precision ball bearings included
- Machined aluminum motor mount with cooling fins for increased heat dissipation
- Impact-resistant, lightweight front bumper system
- Many Factory Team accessories and upgrades available
