

For Immediate Release: Nov. 21, 2014

NEW! Engine Sound System and LED Light Kits

Available on RC10.com

Take your scale realism experience to the next level with Team Associated's ESS-One Engine Sound System and XP light arrays!

#29260 ESS-One Engine Sound System installed in the SC10

The ESS-One Engine Sound System lets you choose from multiple throaty race engine sounds, shifting, brakes, and turbo blowoff valves! The programmable ESS-One delivers these sounds in one simple, small box for a clean and easy installation. Whether you drive a short course truck, drift, or rally car, the ESS-One has the right sound to match!

Team Associated XP light kits cut through the darkness with realistic lighting arrays that feature headlights, tail lights, fog lights, and reverse lights — and a police light bar kit.

#29268 XP LED Roof Light Kit mounted on the SC10

SEE IT IN ACTION HERE!
