CONVERSION KIT

Rally racing combines the jumps and bumps of offroad racing with the precision and technology of touring cars. Team Associated's new TC3 Rally Conversion Kit contains the essential components for turning your TC3 kit into a full-blown rally racer. The kit includes longer front and rear suspension arms to widen the TC3 to the maximum legal 200mm, longer composite CVD's, longer turnbuckles, Pro-Line rally car wheels and tires, longer shock shafts, rally-tuned springs and shock oil, and a redesigned "kicked up" front bumper which won't dig in on hard landings. Go rally racing with the world's most advanced touring car... and Team Associated's TC3 Rally Conversion Kit!

CONVERSION KIT INCLUDES THESE NEW PARTS:

- #3980....TC3 Rally Bumper
- #3957....Rally Tires
